ISAE
INDIANA SOCIETY of ASSOCIATION EXECUTIVES

ORGANIZATIONAL MEMBERSHIP PROGRAM

ISAE's organizational membership option is crafted to enhance the value of membership while expanding ISAE's reach and fostering a wider network of leaders within Indiana's association community.

In contrast to a conventional organizational membership, where a single fee covers all staff members, ISAE's model offers associations greater flexibility by allowing them to select a membership level that best suits their needs. For example, if an association employs 50 staff members but finds that 30 of them either reside outside Indiana or do not benefit from membership due to their job roles, they can opt for a membership that accommodates up to 20 members instead of the entire 50.
