OVERVIEW

ISAE's organizational membership option has been designed to maximize the value of membership while increasing the reach of ISAE and broadening the network of leaders in Indiana's association community.

Unlike a traditional organizational membership where one fee covers every staff member in the organization, ISAE's model allows associations to be more flexible by choosing a level that makes sense for their organization. For instance, if an association has 50 staff members, but 30 of them either live outside of Indiana or wouldn't benefit from membership due to job function, the association could choose an option that would cover up to 20 members rather than all 50.

Success of the program will be linked to engagement among the new members brought in from participating organizations. All participating organizations are encouraged to urge their staff (both continuing and new ISAE members) to take full advantage of ISAE programs and resources throughout the year.

BECOMING AN ORGANIZATIONAL MEMBER

- 1. Confirm your interest by emailing Grant Carpenter at gcarpenter@isae.org.
- 2. Indicate the level (see page 3) your organization would like to join.
- 3. Provide ISAE with the name, email address and job title of any individuals from your organization that you would like to be included in your membership.
- 4. ISAE staff will add those individuals as members before renewals begin. There will be no charge for their membership at that time.
- 5. ISAE staff will coordinate a time to meet with your staff to walk through this program, membership benefits and answer questions.
- 6. The price corresponding to the organizational membership level you choose will be reflected on your renewal invoice.

LEVELS & 2024 PRICE STRUCTURE

Organizational membership does not have to be an all-or-nothing proposition. Just because an association has 100 employees does not mean they need to sign up at the highest level to take advantage of the benefits that come with this membership plan. Instead, they may choose an organizational membership level (outlined below) that works for them and their staff.

LEVEL 1 | UP TO 5 MEMBERS | \$815

One Complementary Convention Registration* (\$280 Value);
